

Toolbase® EL-56 Professional

Extension unit

The Toolbase[®] EL-56 Professional is an automatic machine with 56 high-quality, rail-guided drawers (usable volume: 115x600x54 mm), which ensure clear, access-protected storage.

The high-quality workmanship allows a load of up to 20 kg per drawer. Easy handling is guaranteed by the proven drawer system.

System advantages:

- ➤ simple handling
- targeted access to individual drawers
- provides clear, access-protected storage
